Designed for physicians, pharmacists, nurses, and psychologists

Bipolar Disorder: Beyond Symptom Improvement, Striving for Restored Functioning

Objectives

At the end of this educational activity, participants should be able to:

1. Review the current therapies available for the treatment of bipolar disorder
2. Describe the emerging data that suggests that the atypical antipsychotics have efficacy in a broad range of psychotic illnesses
3. Discuss the concept of restored functioning as a key goal of the therapy of bipolar disorder

Description

Bipolar disorder is a complex disorder that is underdiagnosed and undertreated, and can have a devastating effect on the lives of all those affected by it. It is also a disorder where there is great, unmet need in terms of effective and tolerable treatments. This activity will discuss the currently available therapies for the treatment of this disorder, as well as exciting emerging data on new treatments for this disorder. Finally the goals for treatment will be reviewed, with a discussion of how clinicians may raise the bar from just symptom response and remission to striving for restored function.

Amir Kalali, MD
Global Scientific Head
Quintiles CNS Therapeutics

Distance Learning Network, Inc. is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. Distance Learning Network designates this educational activity for a maximum of 1.0 hours in category 1 credit toward the AMA Physician's Recognition Award. Each physician should only claim those hours of credit he/she actually spent in the educational activity.

The University of Florida College of Pharmacy is accredited by the American Council on Pharmaceutical Education as a provider of continuing pharmaceutical education. This program is approved for 1 contact hour (0.1 CEU's) in states that recognize ACPE. To receive credit you must attend the entire session and complete the evaluation form. The University of Florida College of Pharmacy will provide statements of Continuing Education Credit within 4 weeks after the session. 012-999-04-008-L01

Distance Learning Network has been approved as a provider of continuing education in nursing by the Utah Nurses Association, which is accredited as an approver of continuing education in nursing by the American Nurses Credentialing Center's Commission on Accreditation. The participant will be awarded 1.2 contact hours of credit for attendance and completion of supplemental materials.

Distance Learning Network has been approved by the American Psychological Association (APA) as a provider of continuing education for psychologists. Distance Learning Network maintains responsibility for the program. The participant will be awarded 1 contact hour of credit for attendance and completion of supplemental materials.

Distance Learning Network
